

I. A WORD FROM THE AUTHOR

PART ONE

This book should be read as nothing but a fantasy book.

Please read each and every disclaimer very carefully.

Be mindful that this book will be reprinted with altered frequencies for one and only reason - to discredit the content. So if your book does not come from www.thelawoffrequencies.com direct it is probably twisted in content. Check hard copy against the web content after purchasing a hard copy.

Remember - they will do everything to bury this knowledge again!

They will do everything to ridicule it!

PART TWO

Look at this Zoo, the Circus, the Prison, the Concentration Camp we've been put in.

Look around you. Look at the ocean of zombies. Look at all the lemmings. Parrots incapable to use their own mind freely.

Look in the mirror. Look into your own eyes. Look at the arrogance in your eyes.

The arrogance of thinking how smart and how advanced you are!

Do you think you have Free Will? Your arrogance will let you believe you do....

Do you think this Planet is unique and that we are the most advanced species in the Universe?

Your arrogance almost certainly will tell you - Yes.

Or perhaps your consciousness is advanced enough to see beyond the walls of this Prison?

Is your consciousness developed enough to see that this Reality is nothing but a concentration camp. No different than the German Nazi camps.

“Arbeit Macht Frei” - “Work makes you free”

Is your consciousness developed enough to see that we live in identical realities to Nazi concentration camps except we have been stripped off of all consciousness and free will.

Is it so difficult to realise that our minds have been enslaved so we can be controlled and to follow the instructions designed for each and every one of us?

We are surrounded by lies of such magnitude that those who attempt to shed any light on the truth are ridiculed or assassinated.

There are millions of planets like ours. And thinking that we are alone and that we are the most advanced species in the Universe is nothing but madness.

This book has been written to prove to everybody that we can cure almost every disease we want. And by doing so the truth about Western Medicine will burn into ashes.

We live in the biggest concentration camp ever invented! And we are the witnesses to the biggest genocide ever engineered! 500 years from now if we still exist on this planet we will look back at Western Medicine and

we will conclude that this circus was no different to witch hunt in Medieval Ages.

Sometime our humanity needs an individual who like Copernicus can prove everybody wrong and who can initiate new Era of new development for humanity.

My advise to all of you is - Free your mind from everything you know because what you know are almost certainly all lies.

There is something big on the horizon. Something on a scale of Biblical flood.

We have thrashed this planet beyond imagination. And we continue to ignore the most important subject - overpopulation and waste. And the only chance this planet has and us is if we perish from the surface of Earth like several times in the past.

And only those who can see beyond the prison wall, only those who show at attempt to make a real change, only those will be privileged to see the new Era of humanity.

New Era - Free from labour, free from disease, free from lies, free from death.

So look around again and say what you see - the answer gave us Nicola Tesla long time ago:

“If you want to find the secrets of the universe, think in terms of energy, frequency and vibration.”

“The scientists of today think deeply instead of clearly. One must be sane to think clearly, but one can think deeply and be quite insane.”

This is the state of our science. This is the sate of your mind...

Enjoy brand new approach to our future. Everything surrounding us is made of frequencies. And all the problems can be solved with nothing else but frequencies.

PART THREE

This book is nothing but the guide to help you to see over the walls of this prison. This book was written to help you to free your mind and your body from slavery.

You must understand one thing - there are many scientists with many claims of finding magic frequencies to cure cancer and other diseases. This is nothing further away from the truth.

Having spent four years doing Vega test I developed hundreds of frequencies of what I thought were capable to cure almost anything - cancer, lyme, you name it. There were official confirmation by NHS of cancer stage 3/4 to be gone. Only to discover that all symptoms return some time later or other conditions develop which none of those frequencies could tackle. And those old or new conditions return when physical pathogens are confirmed to have gone and nothing else should be at the root of the problem...

So, how does it work?

It is very simple - we are infested with nano technology. We are infested with tiny little nano robots controlled with 5G. Imagine combining 5G, Nanobots and your personal DNA. The add a central computer somewhere in Pentagon or Geneva and you both - your mind and your body can be controlled remotely.

And I know they are laughing at all of those scientists who aspire to find a cure for cancer or other incurable diseases. They are laughing because they know they have weapon much greater than anybody can imagine.

This is also the reason why these scientists are still alive. The answer is simple - those in control of this prison can and will induce identical disease in those scientist for one reason and one reason only - to **discredit** them. There is nothing like seeing an individual making claim of having the cure for cancer to die from the very same disease. How simple is that? It's simply Genius!

But what is the answer to all of it? The secret to finding the antidote is to find a cure for MND which is induced by nanotechnology. Only the person or a scientist who can cure MND and/or Morgellons only he or she can say we have the holy grail.

Till then best of luck to all who believe in any medical discoveries. Only the cure to MND will give us freedom from the slavery!

Your body and mind belongs to them. You are their property.

And if you make a fool out of them by cheating your date of death then they will activate MND or Morgellons so you suffer a lot more than with your original assignment.

MND and Morgellons is always applied on those who start to lurk over the wall of the prison or those who can see far in the distance. It's a preventative measure as well as punitive.

P. S.

Have you ever wondered why the latest immune therapy only works in some cases and in some it does not?

This is why - Nanotechnology. The prison computer decides who lives and who dies. Not scientists!

And Nanotechnology is the guarding tool of the order in hands of this Planet's owners.
