

XII. THE HOLY GRAIL

The quest for the Holy Grail continues (January 2020).

I have thought for a very long time that this might not be possible. But then I would deny myself at the end of this book by saying it.

Nothing is impossible. As soon as you start to this that something is impossible you will never get there.

The reason being why I have been taken over this many roads is very clear to me now. Every piece of discovery I have made or I was telepathically given had its purpose.

And to find that magic number is not only to cure one or two diseases. This number will give us a multiple answers to many, many questions in not only medicine but also in physics.

ALWAYS THINK - NOTHING IS IMPOSSIBLE!

So, this is the latest frequency we got. And this number will be updated as often as a new discovery is being made or as often as new frequency is developed.

Until my last breath in my chest I shall continue to research and test new horizons.

Have fun Rifing. Remember - this is Royal Raymond Rife thanks to whom we are here today.
