*„As it was in the days of Noah, so it will be at the coming of the Son of Man. For in the days before the flood, people were eating, drinking, marrying up to the day Noah entered the ark; and they knew nothing about what would happen until the flood came and took them all away.”*

Matthew 24:37-39

*„You must also be ready, because the Son of Man will come at the hour when you do not expect him”*

Luke 12:40

It is not important who is the reference to the Son of Man is in the above text. What is important that similarly to the days of Noah only a few individuals will be saved when this is all over. Let me explain what I have in mind - these are just many puzzles from the same picture which are now coming together to give us this Prophecy.

1. We live in a prison. This planet is nothing but a farm and we are a crop. The fact we do not use Rife in medicine is a concrete proof.
2. This planet like every other item in the universe belongs to someone. Everything has an owner!
3. There are thousands of planets like ours. Or I should say thousands of such prisons / factories like ours.
4. They extract things from us - many different enzymes and life extending products. Jupiter Ascending movie show it best.
5. How do we know it - Western medicine and mind control powers they possess over the 99.99998% of the population are staggering.
6. The product they convert us into is sold to other extraterrestrial species.
7. Our bodies are enslaved with use of nanotechnology which is an integral part of the DNA. This was initiated some 60k years ago.
8. Removal of nanotechnology from within the DNA has to be done slowly in stages - the Hexr reaction would be too brutal if we could destroy it in one go.
9. How do we know it - the „Swordfish” movie is yet another message showing the duration - look at the hybrid on the screen.
10. Why nobody has ever entertained the topic of overpopulation on this planet - everything so far is about consumption and population growth! Watch „They Live” movie.

11. The KGB book says that the planet cannot exceed the 8 billion number. The Reptilians would launch another plague to wipe us out. This is now been triggered. They will obviously not allow the crop to go to waste. Only some elderly and wilted. This is why Kovid and 90% effectiveness. Those elderly will never become immune to Kovid. And they will be dropping like flies even after being vaccinated.
12. The chemtrails contain nanotechnology. The nanotechnology is part of the fuel jet. The nano is heat resistant. Therefore we all inhale it and we all have it. There is no need to inject nano with vaccinations. This is not the purpose of vaccinations.
13. The vaccination for Kovid has only one purpose - something they cannot put through a combustion chamber of a jet engine - the explosives. Only a couple of molecules from certain explosives are enough to detonate within your heart muscle to assassinate someone. More on it later.
14. There were 1400 underground cities with sky like lighting and normal earth set ups. They are now reported to be completely empty. The cities were dwelled by many species of extraterrestrials.
15. Mick Romney once said - „I've had many conversation with humans over the years”. All Intelligence services are purely E.T. Agencies to monitor and control the human kind - the crop.
16. My invention of the universal cure is not only designed to cure but also to reverse ageing. Now imagine - since they attempted to assassinate me with microwave weapon in December 2019 they have obviously been monitoring my work. So - there is only one conclusion - MI6, CIA, KGB, and many other agencies which are ET set ups they would have studied my invention. They would have analysed and learned my discoveries.
17. So what happens next - all of the species dwelling in the underground cities - if they learnt my knowledge on age reversal and curing diseases they would no longer need the product they

convert us into. And this is the reason why they evacuated all of the cities or removed them from the planet. Big intergalactic war is on the way. Imagine that whoever cultivates us and this planet has no longer profit from selling the elixir of life, then they would be out of business. It's the same if we invented engine running on H<sub>2</sub>O. This would put all oil producers out of business. The same appears has just happened with this factory and our prison. And they will be trying to prevent this knowledge to spread to other locations in the universe. So I suspect all of the species dwelling on this planet were killed as well.

18. So - what next? - Well, if you cannot control the crop or if the crop outsmarted the farmer then the crop has to be burned. So - this is what is now being staged. The harvest of the remaining crop.
19. Vaccinations = Explosives! Why - so when they load us up and we uprise they will have means to cull us. To use humane means to destroy us instead of using gas chambers or bullets. Or frying us with microwave weapons. Hopefully quick and painless method to switch us off. The same we do to cattle in abattoirs. We gas animals and shoot in the head with current. But explosive is far better than anything. It can be done en mass to a thousand of humans with a direct energy weapon.
20. Additionally - we are being prepared - for the first contact. They will pretend to save us from:... from many things. They will engineer an apocalypse.
21. So - how will they engineer the human harvest - well - you need a few things - a plague, an asteroid plunging into e.g. Pacific creating a major tsunami, then the solar flare and then another but much larger asteroid.
22. When they appear in the sky - as a flotilla of thousands of vessels they will tell us they have only one aim - to save us. They will offer us life on another planets and a saving from the major cataclysm of a complete destruction from a comet the size we never saw before. Except this will be a hologram. This will never happen.

23. The Sun will be dimmed out and we will be in a complete darkness for many days to increase the fear effect. The temperatures will plummet to well below zero.
24. All of this will be designed to use very little persuasion to get us loaded voluntarily on to the space wagons.
25. How else do you ensure we all do it - they will engineer a few natural disasters wiping out most crop in 2021. So 90% of people will have to accept vouchers from the government. The moment you accept their voucher this is the moment you are under their contract. It's the same with accepting chemotherapy.
26. The three virtues have been designed to control you - basically so you do nothing to be prepared. So when it happens you will have no choice but to accept their help.
27. The solar flare will destroy most of the power grid leaving all of us in freezing conditions. With the Sun being covered by the second asteroid the temperatures will plummet to minus 30 or more in the UK alone.
28. The Covid vaccinations are only 90% effective. And if we translate it into age groups then they are probably only 50% effective for 70 year old +. Why - because they do not need „the dead wood“. Apologies for the language but that is the truth.
29. Jehova witnesses refer to 144,000 of people to be allowed into heaven. This number is largely exaggerated. There were three zeros added behind 144. Only 144 humans will survive the next wipe out phase. And those 144 will become Watchers. They will be upgraded to the rank of a god.
30. Those who survive will be given access to the most advanced technology that can be comprehended by our currently primitive minds. The „Black Panther“ movie shows locations on this planet with places already prepared for those who survive.

31. The harvest date according to Vega Test is set for 3rd March 2022. 03.03.22 or 33 22 - looks familiar? No. Lets hope I'm completely wrong about it.
32. The harvest date is set for 03.03.2022. This is the end of the winter time in the northern hemisphere. Please notice most of the population lives on the northern half. Southern is mainly Africa and South America - poor continents which will be very easy to pacify.
33. So when we are put through more atrocities this 2021 year we will end up in a dark place and with Marshall Law and 2021 Agenda being implemented around us. Again - all of this has been designed to inflict as much misery on the human kind as possible.
34. So you comply when the times come. So you are left with no hope not only for the normal life to go back to normal but they will leave no doubt in your head that there is no chance of survival when the comment hits this planet.
35. They will trick us like in the V Series. Kind and helpful and ready to save us. Once you accept their offer you will not be able to undo it.
36. Remember - they will need to clear this planet in 100% from all human kind. 100%!
37. They will use WI-FI to hijack your mind and make you comply. You will not be able to oppose it. This is why they gave everybody in Africa cell phones to have them access to information during that process.
38. Never before we had these amount of satellites enabling them to trace and transmit 5G signal to every corner on this planet. This is unprecedented. This is now feasible to cover 100% of the planet population.
39. All religions were designed to control us. They will use them to persuade you to comply. Many celebrities will be chanting to say how lovely it is on another planet. „GET ON BOARD QUICK!”

REMEMBER WHY WE ARE HERE - YOU ARE A SLAVE AND YOU HAVE A CHANCE TO BECOME A FREE MAN. SO START RIFING.

ALSO REMEMBER - YOU NEED TO GET RID OF NANO BEFORE THIS DATE. AND YOU HAVE TO ALLOW AT LEAST 20 WEEKS OF STRAIGHT RIFING WITH THE LATEST NUMBER. 20 WEEKS PRIOR TO 3rd MARCH 2022.

ARE YOU DEPRESSED ENOUGH. DO YOU THINK PRAYING TO GOD WILL STOP IT OR THAT GOD WILL SAVE YOU. IT IS GOD WHO WILL BE HARVESTING THIS PLANET!

LETS HOPE THE WORLD GOES BACK TO NORMAL IN A FEW WEEKS TIME.

AT THE END OF THE DAY THIS IS ONLY A FAIRY TALE STORY!
